

July 19, 2022

Families,

I am writing to provide you with an update on the two additional portable classrooms coming to St. Margaret's Bay Elementary. This spring, we shared [a message](#) outlining the plan to add two portables to ease enrolment pressures as the school community continues to grow.

The portables will be delivered to the site in the coming days. Once they are situated, our Operations Team will begin the work to refresh the spaces, add furniture and set up technology so they are ready to welcome students and staff in September.

The school principal, along with school staff, will determine how to best use these portables to support learning for all students. You can expect a further update before school begins on Wednesday, September 7, 2022.

Have a wonderful summer,

Kavita Khanna  
Director, Operations Services
