Families,

I am writing with a final update on the modular classroom project at **Georges P. Vanier Junior High**. As you know, the 12-classroom addition is required to support enrolment growth in the school community.

I am excited to let you know that the new classrooms are bright, safe, and comfortable learning spaces that are ready to welcome students tomorrow!

There are a few finishing touches that will take place in the coming days. Any work will happen after school hours so there is no disruption to learning.

If you have any questions, I encourage you to reach out to the school principal. You can find all previous updates [here](#).

Wishing you and your family a successful start to the 2022-23 school year.
