

Regional Executive Director of Education

May 12, 2022

Families,

Student enrolment throughout the Halifax Regional Centre for Education (HRCE) continues to grow each year. This is especially true in the St. Margaret's Bay Elementary (SMBE) School community.

I am writing to let you know that two additional portable classrooms will be required this fall to ease enrolment pressures at SMBE. Our Operations Team will place the portables on site this summer, ensuring safe access and clear paths to the main school building.

Work will take place over the summer months to prepare the classrooms for students and teachers. Please be assured that the portable classrooms will be safe, welcoming and supportive learning spaces in September.

Principal Hoyt will work with school staff to determine how to best use the portables to support learning for all students for the 2022-23 school year.

If you have any questions, please reach out to Ms. Hoyt.

Sincerely,

Elwin LeRoux,
Regional Executive Director of Education
