Dear families and students of Eastern Shore school communities,

We are very excited to share the name of our new school on the Eastern Shore. Our new school's name is **Eastern Shore Consolidated School!**

Thank you to the students, staff, School Advisory Councils, and school communities who contributed to the naming process that took place earlier this year.

In the coming months, we look forward to engaging our future students to help create our new ESCS identity including our school mascot and colours!

All the best,

Jen Murray and Heather McKay
Principals of ESDH and GBJH
