

May 23, 2024

Families,

Student enrolment throughout the Halifax Regional Centre for Education (HRCE) continues to grow each year. This is especially true at Prospect Road Elementary.

I am writing to let you know that Prospect Road Elementary will receive two portable classrooms for the 2024-25 school year to help ease enrolment pressures and support program delivery.

The portables will be placed on site this summer. Once in place, any repair work required will be completed to ensure there is safe access and clear paths to the main school building. Please be assured that the portable classrooms will be safe and welcoming spaces, ready to accommodate students and staff in September.

Your principal will work with school staff to determine how to best use the new portable classrooms to support learning next school year.

If you have any questions, please reach out to your principal or contact HRCE's Operations Services team at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna P.Eng., MBA
Director, Operations Services
Halifax Regional Centre for Education
