

September 3, 2024

Families,

I am writing with some important updates for the West Bedford School community as we prepare to welcome students this week.

Modular Classrooms

I am pleased to share that both of West Bedford's new modular structures, each containing six classrooms, will be ready to welcome students when school begins on Thursday, Sept. 5.

Some finishing touches will be made this month. The washroom facilities in one of the two modular structures are not yet operational but will be in the coming weeks. In the meantime, students will have access to the washrooms inside the main building. Most of the remaining work will take place outside of school hours to minimize impact on learning.

Parking

Just like in June, families can drop off students in the lower parking lot. Parking in this lot is now designated for staff only.

Four spaces for Pre-Primary drop off will be relocated along the fence of the playground area. Signs will be added to show families where Pre-Primary children can be dropped off.

If you have any questions, please contact HRCE Operations Services at hrceoperations@hrce.ca.

Wishing you and your family a successful start to the 2024-25 school year!

Sincerely,

Kavita Khanna P.Eng., MBA
Director, Operations Services
