**The bid documents shall be amended and new drawings and clauses added, and shall become part of the contract documents as follows:**

**Clarifications:**

Q.1 Please confirm that these are the minimum specs required, and that you can accept higher specifications, i.e. 3500 lumens, 3 hdmi vs. only 2, etc

You are asking for : HDCR/Accentualizer/Image Optimizer – this is a ‘Hitachi’ specific marketing description. All manufacturers would have a similar ‘marketing’ descriptions, whether it is something along the lines of true color/clear color/best color/brilliant color, etc, so unless you are ONLY accepting Hitachi bids, you would want to eliminate this.

A.1 We will be accepting HDCR/Accentualizer/Image Optimizer and anything comparable. We are not looking at only Hitachi, as far as LCD projectors, they certainly can bid LED or DLP

The bottom line is that they have to be Ultra Short Throw and Interactive.
